

Interested in a challenging position within the global area of semiconductors?

The European Semiconductor Industry Association (EECA-ESIA) is looking for
a full time

MANAGER for STATISTICS & TRADE issues

to join its Brussels-based team and take on a proactive role in expanding / coordinating the activities of semiconductor industry representation both within and outside Europe. This includes contributing to the statistical activities of the association, as well as the formulation and pursuit of policy within the industry at EU and global level (see http://www.eeca.eu/index.php/esia_home/en/ & <http://www.semiconductorcouncil.org/>).

The ideal candidate should have:

- good general knowledge of EU policy-making and interest representation;
- a proven record and interest in dealing with statistical data;
- knowledge / experience in EU trade policy (including customs policy, rules of origin...);
- industry experience and active interest in the semiconductor industry;
- fluency in written and spoken English and preferably in one further European language;
- good interpersonal skills;
- excellent communication & organisational skills; and
- one to three years relevant working experience.
- Some travelling will be involved.

If you are interested and meet the above requirements, please address your CV with motivation letter to:

Martin Spät, ESIA Director
E-mail secretariat.gen@eeca.be
Web: www.eeca.eu

Please note that only short-listed candidates will be contacted.
